Mr. Morehart shared that several members of Council and the Borough Manager recently attended the PSAB Spring Conference in Hershey. It was a great time networking and classes. Two things that he participated in and wanted to share with everyone pertain to AI in government; and a conversation he had with State Fire Commissioner Tom Cook were very informative.

Mayor Coughlin wished all the fathers a "Happy Father's Day". He thanked the community for their participation in the 250th event. He expressed that the heat seems to bring out issues within the borough with the police department responding to 519 calls last month. This is evidence that our department, goes out and answers. Residents are encouraged to call 911 when they have a need. He brought up the topic of dangerous animals, sharing about a resident's pet who was recently attacked. He pleaded that Council update their Ordinance to address this serious concern. Considering July 4th coming up, he reminded everyone that there is nowhere in Plymouth Borough that fireworks can be legally set off. Lastly, he shared that residents shouldn't get mad when parking issues are enforced, it was brought up in April and again now, that the police department has been instructed to crack down on this.
